All animals being boarded by Gailor Animal Hospital must be current on all vaccinations. Canine patients must have an up to date RABIES, DHLPP and BORDETELLA VACCINE for the prevention of KENNEL COUGH. Feline patients must have a current RABIES, FVRCP and testing and vaccination against FELINE LEUKEMIA is strongly suggested.

Any animal not on heartworm preventative MUST have a fecal exam upon entering the hospital with additional cost. If fecal exam is positive for any parasites all animals will be treated at owner's expense. This is to ensure the health of your pet and other patients in the hospital.

Should your pet have any fleas at the time of boarding they will receive a flea treatment as to prevent the spread of parasites to any other animal. This charge will be added to your invoice. Any animal boarded for 7 days or longer will receive a bath upon discharge at no additional cost.

In case of injury or illness, you will authorize Gailor Animal Hospital to treat, prescribe, or operate on your pet should the situation dictate. Gailor Animal Hospital will use all reasonable precautions against illness or injury, but is not liable for any illness or injury that occurs while being boarded.
